June 29, 2017

On May 30, 2017, an orphan baby raccoon was found on Main Street in Hampton. The raccoon was taken to a licensed Wildlife Rehabilitator where it subsequently died on June 26, 2017. The positive diagnosis of rabies was confirmed by the Connecticut Veterinary Medical Diagnostic Laboratory on June 28, 2017.

Please be aware that other potentially rabid wild animals are in Hampton. Do not handle any wild animals. You can locate a licensed Wildlife Rehabilitator on line at www.ct.gov/deep (click on Wildlife, then Dealing with Distressed Wildlife) or by calling their hotline at 860-424-3333.

If a human or domestic animal comes in contact with a wild animal, please contact your local animal control: NECCOG Animal Services at 860-774-1253.
