

# Under the Pavilion Summer Film Series

Thursdays at 7pm  
 Goodwin Conservation Center Forest, Hampton  
 23 Potter Road, off Route 6

## July 6

### “The Future of Energy – Lateral Power to the People”

The Future of Energy takes us on a journey across America to shine a light on the communities and individuals who are at the forefront of the clean energy revolution, taking practical steps to transition from fossil fuels to renewable power. Solar, wind and water could power the planet by the year 2050 according to experts in the film, substantially reducing carbon emissions. What’s needed is the social and political willpower to make the change on a large scale. 45 min

After the movie we will have a discussion about what options are available for homeowners for solar and energy efficiency.

## August 10

### “Before the Flood”

Presented by National Geographic, this film features Leonardo DiCaprio on a journey as a United Nations Messenger of Peace traveling to five continents and the Arctic to witness climate change firsthand. He goes on expeditions with scientists uncovering the reality of climate change and meets with political leaders fighting against inaction. With unprecedented access to leaders around the world, DiCaprio searches for hope in a rising tide of catastrophic news. 1 hr. 36 min

Rain or Shine.
