1. WP0622-01: Brad Waite, Applicant; 51 South Bigelow Road; Proposed Activity: Build New Home; Complete New Construction

Applicant Brad Waite distributed the completed application. Penny Newbury asked if hay bales and woodchips were preferable to landscape cloth for the project. Chairman Bonnekson stated that WEO Gigliotti suggested the use of hay bales and woodchips. After discussion, it was decided by general consent to approve the application with the condition, included in the Summary Ruling (attached) that the applicant has the option of using hay bales and woodchips instead of the silt fence. Mr. Waite submitted a check for \$305 to cover the application fee, the legal notice, the fee for new residential development, the Environmental Quality Fund Fee, and inspection fees, for the beginning and the end of the project.

Motion: Martin Mlyniec, seconded by Penny Newbury, to approve WP0622-01 with the condition set forth in the Summary Ruling that hay bales and woodchips may be utilized instead of a silt fence. Motion carried unanimously.
